Subject: Curling, et al. v. Raffensperger, et al. – Access to Dominion BMD and Related Material
Date: Monday, August 24, 2020 10:54:28 AM

Dear Counsel –

We need access to a Dominion BMD, scanner, printer, and required software for the examination and testing we understand the Court expects, akin to what we did previously with a DRE. Unfortunately it appears that the necessary equipment and software are not publicly available, unlike the DREs. We would appreciate you providing us this week the equipment and software, which we are prepared to pay for. If you cannot provide this from your current stock, please explain why and please let us know if you will have Dominion provide it to us.

Please let us know by noon ET tomorrow whether you will do this and provide it by COB on Wednesday. If you decline, please let us know your availability to participate in a call tomorrow to confer.

Thanks,
Arvind
